ROPERS
CARAVAN WORLD

Providing great service to
all our customers
since 1981

"Our mission is to deliver
value for money through
quality products and
excellent customer
service."

Jive

With over 30 years of experience and a reputation for excellent customer service, Ropers forged an alliance with the UK's top caravan manufacturer, Bailey of Bristol, to bring you the very first Jive in 2015

Based upon the popular and newly upgraded Bailey Pursuit, the Second Generation Jive continues to demonstrate a deep and detailed understanding of the needs of today's caravanners.

A seamless blend of luxurious comfort together with an abundance of added specification makes the Jive a very special caravan.

Inside and out the Jive is both stylish and practical, yet able to deliver high levels of safety and security.

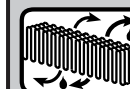

The relaxing and comfortable ambience is created by the use of an exclusive soft furnishing scheme incorporating the latest lightweight Ozio fibre technology in all mattresses and seating areas.

The Jive range also benefits from many other features including Tyron safety bands, AL-KO security locks and ATC trailer control plus the unrivalled Phantom tracking and retrieval system.

The Second Generation Jive is Brand New for 2017.

Weight Saving –
Ozio is up to 30% lighter than traditional foam that offers equivalent support.

Breathable –
Ozio polyester structure allows airflow and moisture through the fibres.

Eco Friendly – 100% Recyclable.
Ozio fibre is largely manufactured from recycled packaging materials.

See My Bailey Jive !

Developed through a passion and desire to create something extra special, a unique caravan exclusive to Ropers.... the Jive was born.

"I'm a caravanner myself with over 24 years industry experience and this has been a massive help in the development process.

I wanted to create a modern and stylish caravan that was both practical and fun but most of all it had to be superb value for money."

Yvonne

ROPERS
CARAVAN WORLD

- AL-KO Secure Wheel Lock
- AL-KO Hitch Lock
- Phantom Tracking System
- Tyron Bands
- Wind Down Spare Wheel Carrier
- Upgraded Soft Furnishing Scheme
- Luxury Lined Curtains
- Ozio Fibre Upgrade inc mattress
- Extra Internal USB & 240V Socket
- External 240V Socket
- External Gas BBQ Point
- Exclusive "Jive" Graphic Scheme

AL-KO Secure Wheel Lock

AL-KO Hitch Lock

External 240V & BBQ Point

Extra USB & 240V Socket

We believe that the AL-KO ATC is the best caravan stabilising safety system available today.

Sensors monitor for instability during towing.

The ATC automatically applies the caravan brakes stabilising the outfit quickly and safely.

ATC- Automatic Trailer Control

Phantom Pro 3 Tracking System

Phantom's 24/7 monitoring centre will notify you immediately if they detect any unexpected caravan movement. Average caravan recovery time is just 70 minutes. An internet portal and smart phone App allows you to check both the caravan location and battery condition.

Tyron Bands convert your wheels into safety wheels by locking the tyres to the wheels. This helps to maintain control over steering and braking during low and high speed blow-outs. Tyrons also provide short distance run-flat capability.

Tyron Bands

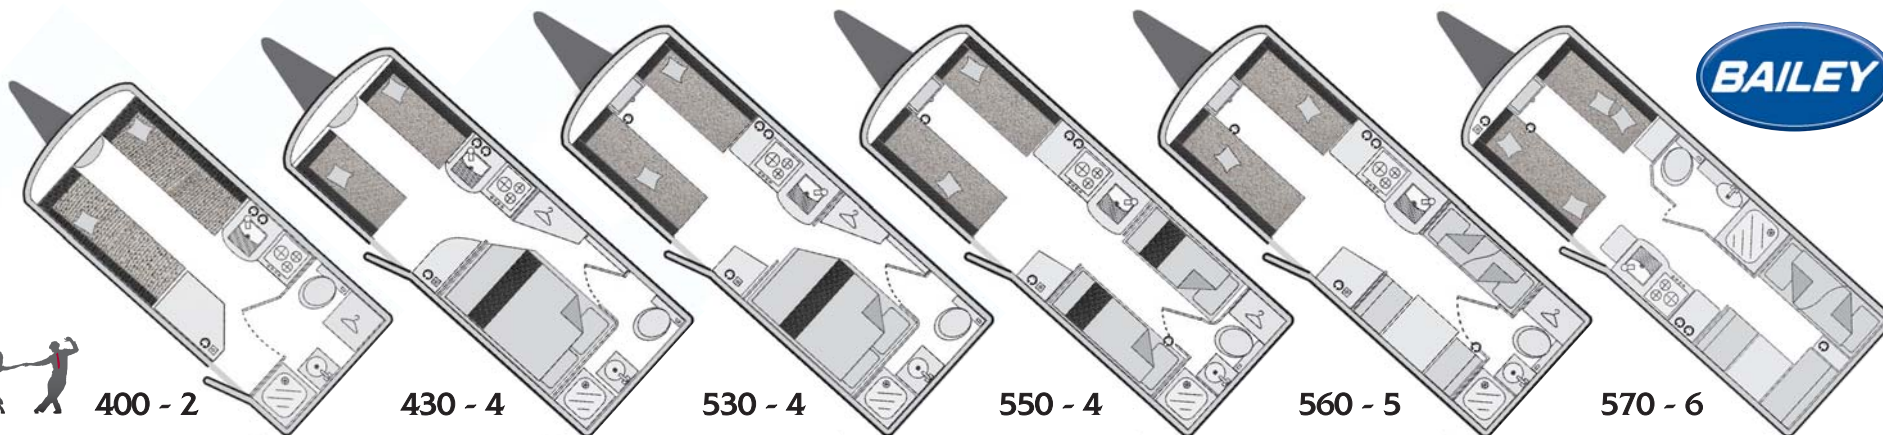

Magal Spare Wheel Carrier

This easy to access spare wheel carrier is designed to operate with minimal effort even with the heaviest wheels. The carrier is operated via a winding mechanism in the floor. The spare wheel is lowered under the caravan and valuable interior storage space is preserved.
